

Seven Tall

When it comes to event production, we here at 7 Tall headquarters don't screw around. 7 Tall travels with an Electrovoice MT - 4 concert grade sound system; driven by 21,000 watts of QSC power. This system provides unparalleled sonic clarity that will rock you all night long. In league with our sound system we have an array of Elation and ADJ (full motion) intelligent lighting, and just the right amount of fog.
