

Total Head Change

Total Head Change was a band that brought a bit of breathe of fresh air to the Bismarck/Mandan music scene in the summer of 2004. With most bands playing the typical "bar band" music "THC" hit the stage playing hard rock by the likes of Pantera, RAGE, Seether, Taproot, Three Days Grace and Tool. By the end of their first year, Shawn, Monte, Luke and Luke drew a sure crowd anytime they played. In the midst of their second year playing Luke Janakowski left and was replaced by Tony Clark. With some setlist changes they continued on until the beginning of 2006 when they called it quits. Monte moved to Wisconsin and continues to play. Shawn is currently in a popular Bis/Man band, Fully Loaded. Luke Tibor played in a Fargo based band for little over a year and currently is working on starting a new project. Luke Janakowski resides in Dickinson and is writting some acoustic style music and Anthony Clark recently joined a metal band in Fargo.
